Humble Homemade Hifi – Capacitor Test ratings *

* A rating is only part of the story. A capacitor is one of many parts in a hifi system. It's all about the right combination! This means that it is very well possible that in a certain system (for example) a capacitor rated 8 points can sound better than a capacitor rated 10 points. Please read the full Cap Test for more information about each capacitor. Capacitors marked with a black dot are personal favourites.
Humble Homemade HiFi – Capacitor Test ratings *

* A rating is only part of the story. A capacitor is one of many parts in a hi-fi system. It's all about the right combination! This means that it is very well possible that in a certain system (for example) a capacitor rated 8 points can sound better than a capacitor rated 10 points. Please read the full Cap Test for more information about each capacitor. Capacitors marked with a black dot are my personal favourites.

- Epcos B32774-D1505-K MKP 1300VDC
- Erse Pulse-X MKP 630VDC
- Erse Transient-X MKP 1200VDC
- Evox-Rifa PHE 436 MKP 250VDC
- Evox-Rifa PHE 450 MKP 250VDC
- Evox-Rifa SMR 63VDC
- Hovland Musicap MKP 100VDC
- Hovland SuperCap (Robert Hovland Series) MKP 200VDC •
- Inco Sintex 45T 02BS MKP 425VAC
- Intertechnik Audyn Cap Fine First FF alu-foil paper in oil 400VDC
- Intertechnik Audyn Cap KP SN 160VDC
- Intertechnik Audyn Cap MKP-GS 400VDC
- Intertechnik Audyn Cap Plus MKP 800VDC
- Intertechnik Audyn Cap Tri-Reference MKP 600VDC •
- Intertechnik Audyn True Copper Cap MKP 630VDC •
- Intertechnik Audyn True Copper Max MKP 630VDC •
- Intertechnik Audyn Cap True Silver 1000VDC
- Jantzen Audio Cross Cap MKP 400VDC
- Jantzen Audio Standard Z-Cap 400VDC
- Jantzen Audio Superior Z-Cap 800VDC •
- Jantzen Audio Silver Z-Cap 800VDC
- Jantzen Audio Silver Gold Z-Cap 250VDC
- Jantzen Audio Alumen Z-Cap 100VDC •
- JB Capacitors JFX 250VDC and 630VDC
- JB Capacitors JFX Premium 250VDC and 630VDC
- JB Capacitors JSX 250VDC and 630VDC (old model)
- JB Capacitors JSX Superior 250VDC and 630VDC
- Jupiter Condenser HT BeesWax Paper 600VDC
- Jupiter Condenser Flat Stacked Beeswax Cryo 100VDC / 400VDC •
- Jupiter Condenser Copper Foil Paper & Wax 100VDC •
- KZK K78-34 250VAC / 375VDC •
- Le Clanché PPM MKP 250VDC •
- Lefson C-MOD SPK 200VDC •
- Miflex MKP-10 600VDC •
- Miflex KPCU-01 600VDC •
- Monacor MKPA 250VDC
- Mundorf MCap MKP 250VDC
- Mundorf MCap MKP 400VDC
- Mundorf MCap MKP 630VDC
